INSTANT SERVICE
with our in-house team

A kitchen is the heart of any home.

At Panasonic, we realise that.

Therefore, we go the extra mile to ensure that you own the most delightful kitchen where you don't just make food, but also make memories.

Our team of in-house professionals works closely with you to offer design services complementary. The team also helps you source every kitchen appliance from our product range.

Let us design and build your dream kitchen!

**CREATE MOMENTS
CREATE MEMORIES**

NO EFFORTS SPARED TO CREATE LUXURY YOU CAN AFFORD

Panasonic I-Class Kitchens are a range of luxury kitchens created to compliment your home decor and your style without the steep costs.

We have combined best-in-class materials sourced from across India and the latest technology from Japan, to offer you luxury kitchen solutions that follow stringent Japanese quality standards.

Our team of in-house professionals works closely with you to offer exclusive design services and helps you source kitchen appliances from our product range.

We are happy to create the kitchen of your dreams.

Uniquely I-Class

Panasonic I-Class Kitchens feature unmatched premium luxury with options in glass, wood and stone finish.

Some of our unique features include SS mat (SS 304), combination pallets, soft pull-down shelves, smart rubber strips for total protection and smart countertops with Japanese sinks.

Mark for featuring the delivery of product

U Order Product

U Order allows you to customise standard products to your taste by changing door colors, unit shapes, dimensions and layouts.

MIX YOUR FAVOURITES TO CREATE YOUR OWN STORY

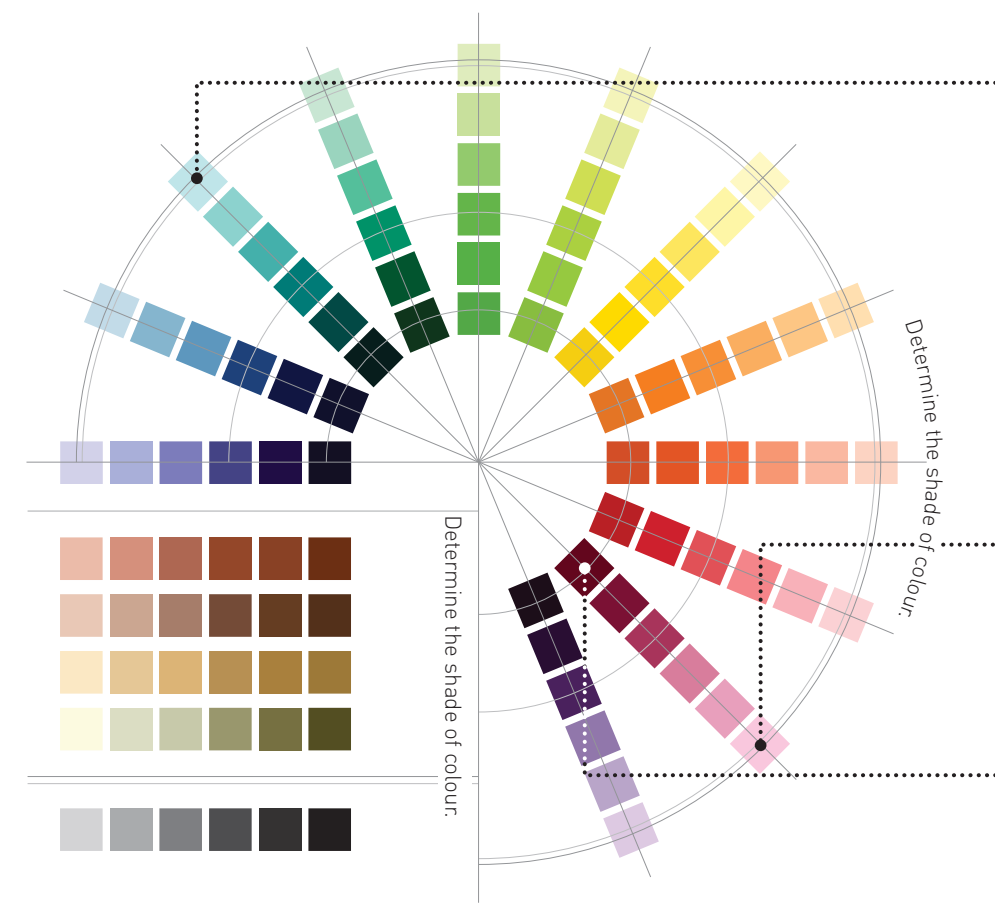

COLOURS

Never worry
about a colour
mismatch!
Coordinate your
Panasonic
Kitchen with your
home decor.

Sample product images

Countertops

Personalise your kitchen with customised countertops.

Strong

Experience the long-lasting beauty of crosspiece reinforced countertops.

Our countertops are anything but fragile. Strengthened by crosspiece reinforcement, they will not break even if a steel ball* is dropped on the surface!

The hard material does not break or crack even when the force of 40MPa is applied.

(*400g steel ball dropped from 100cm)

Soiling-resistant

Real beauty does not wane.

Special surface processing makes the material soiling-resistant and the countertops easy to clean.

Our special surface processing method

Simply wipe it clean with a wetted and wrung soft cloth and your kitchen is as good as new!

STORAGE

Smart Storage

Smart and effective use of space achieves three-dimensional storage of the right item in the right place.

You can choose the colour of the small appliance storage unit.

The unit is also available in a stately grain tone that adds a decorative accent to the monochrome door.

Small appliance storage

- Dish storage with 'rotary mesh baskets'
- Active wall storage unit
- Tall pantry with different size variations
- High counter plan for small appliances
- Wall-mounting type

Smart rubber strip

- Zero-dust guarantee
- 100% cockroach-proof

Floor unit

WonderFULL cabinet

Easy to store, easy to take out. With advanced, large-capacity storage.

The WonderFULL cabinet provides easy and convenient storage of kitchen items without wasting space. Even if you store items up at the back of the drawer, this 'fully open' type of drawer pulls out effortlessly so you can retrieve them easily.

- Soft closing mechanism with full-open slide rails
- Adjustment panels / dividing bars
- In-built organisers for smart storage
- Base of drawers with 304SS

Under-hob units

Under-hob unit for grill-less stove

Smart under-sink unit with two sliding drawers

Stainless steel mat

Wall unit

The poetry of ergonomics where everything is within arm's reach.

You can choose from a handle-less wall unit or a unit with a handle. The handle-less wall unit gives the kitchen a sophisticated look with its even and sleek design.

- You can move the storage rack down to your eye level to conveniently take out the items you need.
- Lowering the wall unit from a height 'out of arm's reach' to a height 'within arm's reach' makes easier to store and retrieve items.

SoftDown wall unit
Variable heights

SoftDown wall units for kitchen
(375 mm in depth)

Wall unit with a hinged door
lighting space

Width 600 mm

Width 900 mm

- The incombustible type that can be installed beside the range hood is also available in a 450-mm wide type.

Combination pallet

Hate crowded countertops while cooking?

You will love the combination pallet with its pull-down shelf!

The combination pallet is a multi-purpose shelf-cum-storage nook that expands the usage space in your kitchen.

Simply pull it out to park your dishes and extra items while cooking and keep your working area on the counter free to use.

The upper shelf can be used to store seasonings and paper towels that are frequently used during cooking. (Maximum load capacity: 3 kg)

The lower shelf can be used as a temporary space for putting prepared foods. (Maximum load capacity: 5 kg)

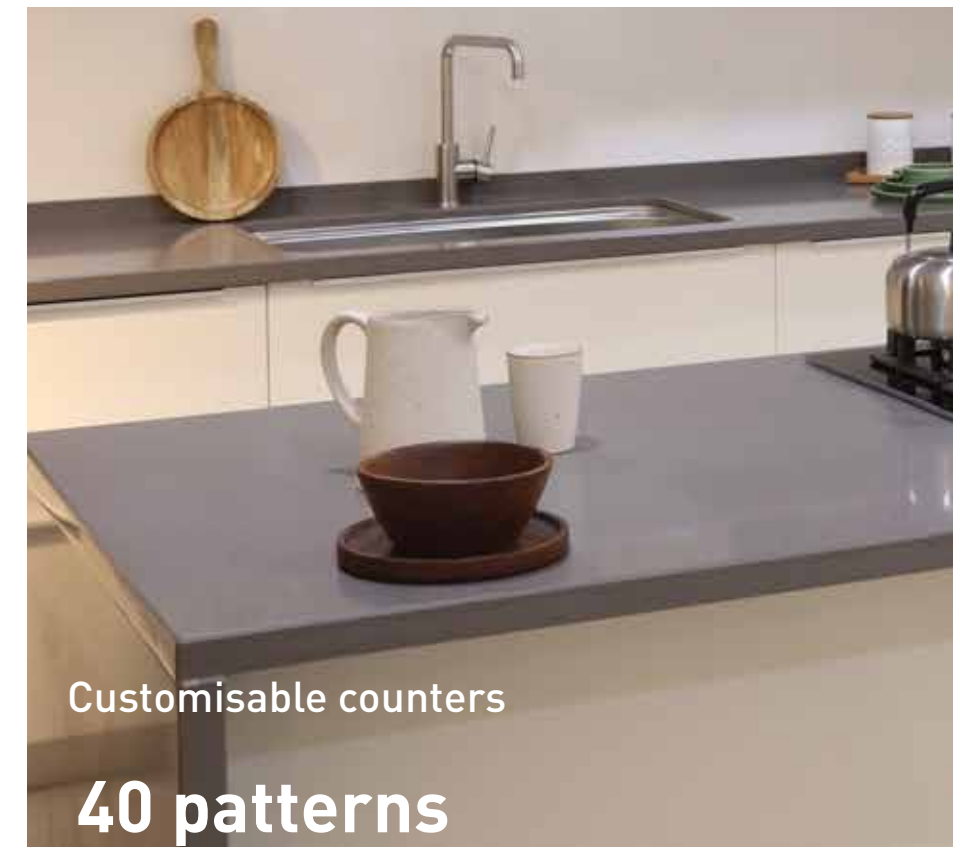

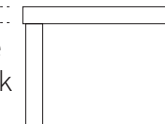

The bar handle can also be used to hang dish towels and measuring spoons. (S-shaped hooks are included.)

DURABILITY Counter

Slim counter and semi-floating plan.

Stylish and attractive kitchen features

Slim **17 mm** thickness to give the counter a stylish look

Customisable counters

40 patterns

The work top greatly affects how the kitchen looks and changes the atmosphere depending on how it is coordinated with the door material.

Introducing key highlights of QUARTZ

Heat resistance up to 300° water and oil repelling components

The perfect fit of the end panel and bottom shelf gives the kitchen a beautiful appearance.

Sink

A high quality stainless steel sink offers outstanding cleanliness.

- Seamless joints
- Zero seepage

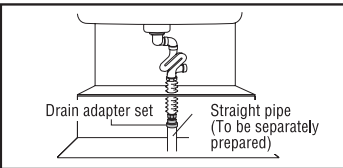

- Smart S drain pipe
- Under sink with stainless steel mat

Drain components

Our premium range of rust-proof and leak-proof drain components is designed to ensure zero blockage and provide you with a maintenance-free sink. It comes with an easy installation guide for contractors.

Drain adapter set

- The drain pipe installed under the trap of the standard sink is a bellows hose.

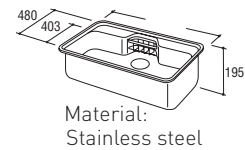

*1: The drain components are essential for connecting the straight pipe with the free pipe. When any adjustment of the drain position (up to 50 mm of straight-line distance) is required on site, please use the following optional free pipe adapter

Free pipe adapter set for straight pipe (See *1)
(used for counters of 800/850 mm in height)

(used for counters of 900 mm in height)

The drain pipe installed under the trap of the standard sink is a bellows hose.

Size (Inner size) mm
J type: 937
M type: 787
S type: 637

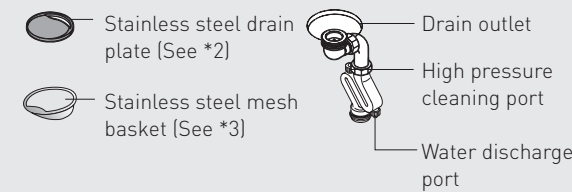

Material:
Stainless steel

A separate drain set is required.
(The drain set is available with or without a bellow hose.)

<Drain set>

Sink	Standard
Mesh basket specification	 Frame: Made of resin

Options for sinks

The seamless surface keeps the sink stain resistant and easy to clean

Smart cooking nets

Wide drainage basket

It is the small things that make all the difference.

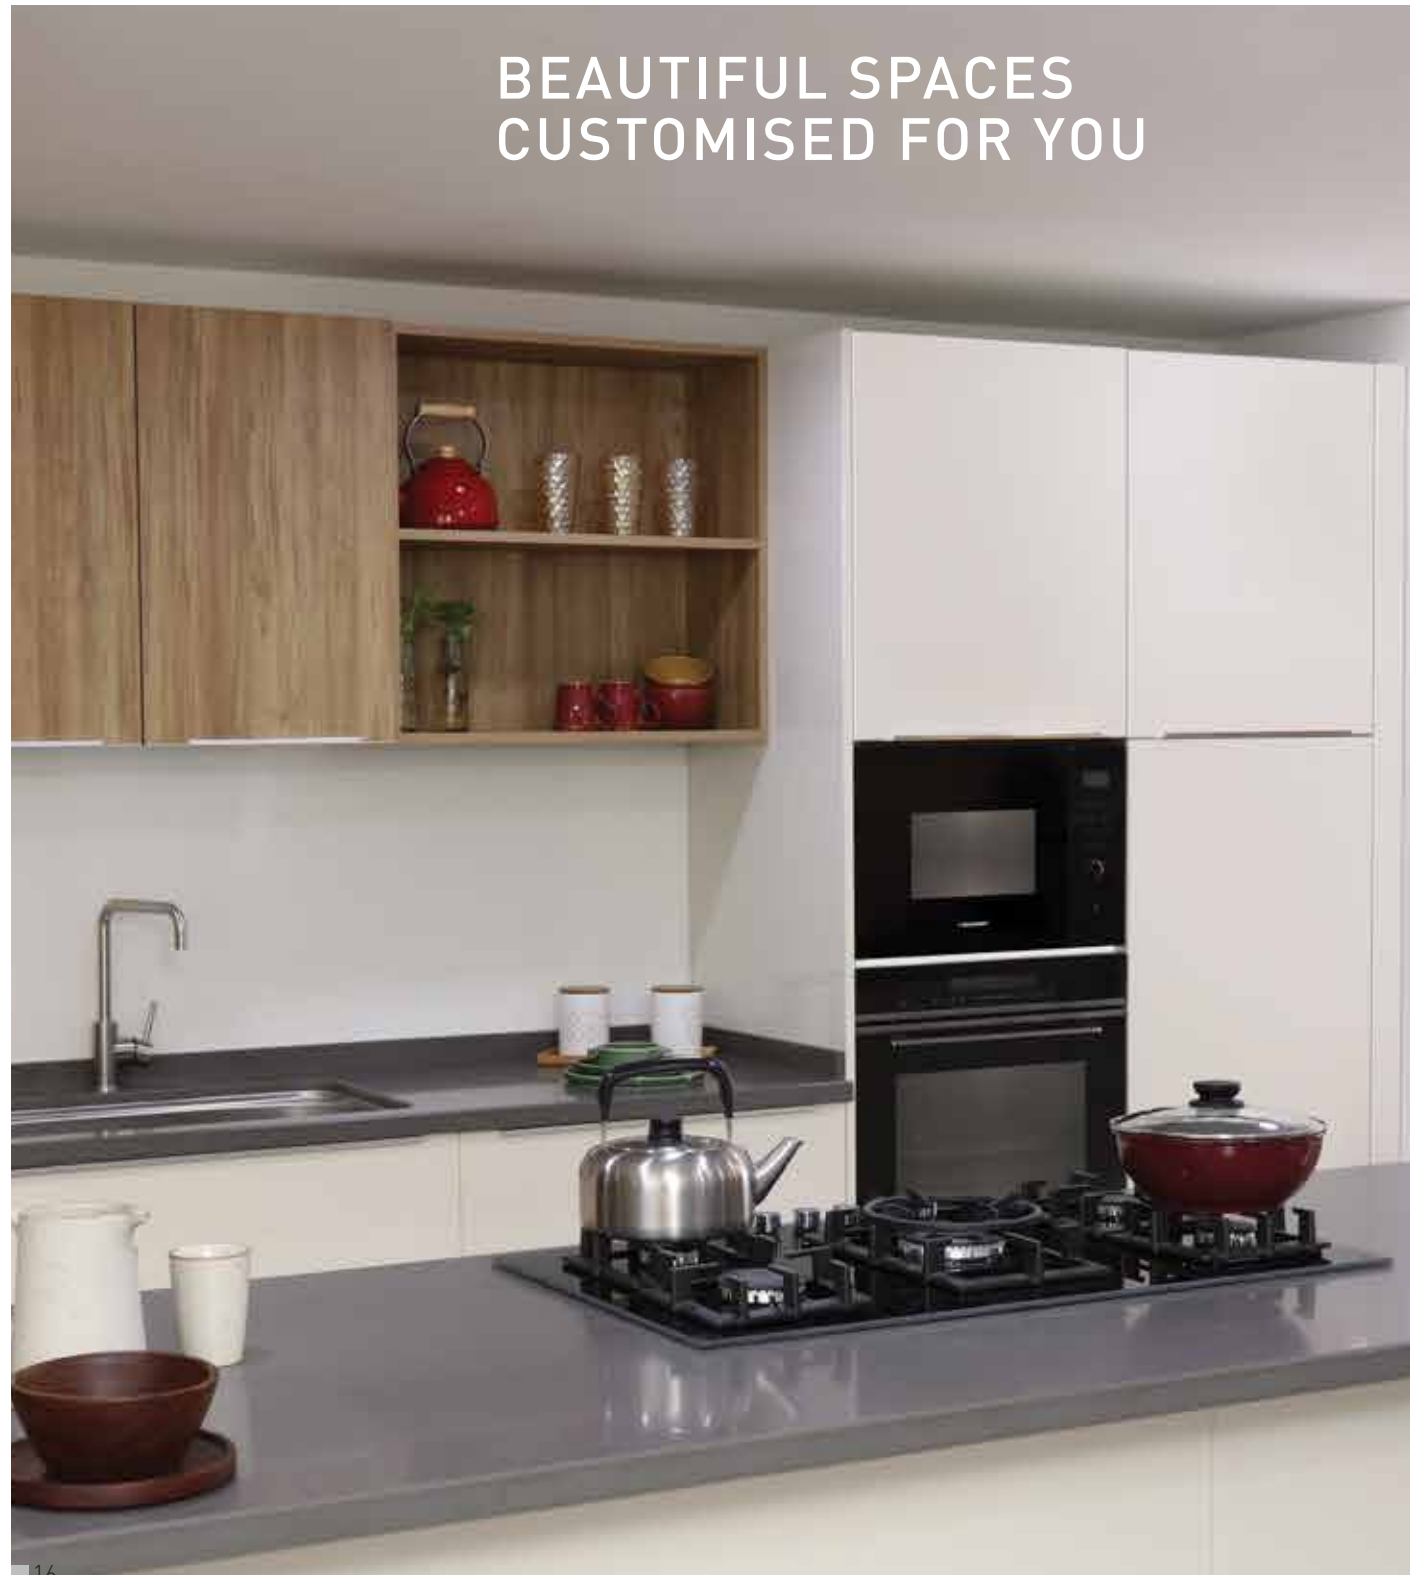

A well-crafted cupboard for neatly storing your favourite appliances.

Customised designs that blend in with the surrounding space.

Sleek and elegant utilities that are easy to use.

At Panasonic Kitchens, we have created a neat, comfortable space, unique to you.

BEAUTIFUL SPACES CUSTOMISED FOR YOU

YOU CAN OWN A PANASONIC KITCHEN ANYWHERE IN INDIA

A great product is only as great as the service that supplements it.

Our support team at Panasonic Kitchens comprises a crew of well-trained professionals who follow the best practices from Japan and attend to your every need.

You can reach them 24x7 for any help you may require; from installation to after sales service!
